Professional Summary

Experienced DevSecOps and Cyber Security professional with over 8 years in cloud-native environments, SaaS, and scaleup contexts. Adept at building secure pipelines, automating infrastructure, and leading security incident response for AWS, GCP, and Azure platforms. Skilled in CI/CD, IaC, vulnerability management, and cloud security architecture.

"Augustine brings a rare blend of hands-on DevSecOps leadership and deep cyber security know-how, proven in SaaS and fast-moving tech companies. His track record of delivering secure cloud solutions and automating processes will accelerate your technology roadmap while ensuring the highest security standards."
