Professional Summary

DevOps and Cloud Engineer with over 18 years' experience crafting automated, secure, and scalable infrastructures for SaaS and startup environments. Expert in AWS, Kubernetes, Docker, and CI/CD pipelines. Demonstrated leadership in managing DevOps teams, supporting cloud migrations, and optimizing cloud costs in high-growth, tech-driven companies.

"Chisama brings deep DevOps expertise and a proven ability to deliver cloud-native solutions in fast-paced SaaS and scale-up environments. Highly collaborative and an automation enthusiast, he combines hands-on technical leadership and business acumen, making him a driving force for operational and infrastructure excellence."
