AWS Certified

**DevOps Engineer**

Associate

## Professional Summary

DevOps Engineer with 6+ years' experience optimizing and automating AWS-based deployments for SaaS, startups, and scaleups. Advanced skills in CI/CD (AWS, Jenkins), cloud automation (Terraform, Kubernetes), and cross-cloud (AWS, Azure). Noted for reducing deployment times, system outages, and operational costs, and for fostering high-performance Agile teams.

**"Damiola stands out as a cloud automation specialist who excels at streamlining SaaS and startup DevOps. Their impressive record—cutting deployment times by up to 45% and eliminating manual errors—is matched by a deep commitment to continuous improvement, reliability, and collaborative teamwork. An inspiring pick for scaleups ready to grow fast!"**

## Strengths

Cloud Infrastructure Management

DevOps & Automation

Agile Collaboration

Monitoring & Incident Response
